WHEREAS indeed Mr. Limbaugh was not only a friend to the Republican Party, but to the Idaho Republican Party;

NOW, THEREFORE BE IT RESOLVED that the Idaho Republican State Central Committee, holding both the life and memory of Rush Hudson Limbaugh in the highest esteem, do wish to express its condolences to Mr. Limbaugh's friends and family;

Resolution 2021-42

A resolution to support the State of Mississippi in their attempt to protect life.

WHEREAS our Creator has endowed us with certain inalienable rights, including the right to life, liberty, and the pursuit of happiness;

WHEREAS the Idaho Constitution provides that “[a]ll men are by nature free and equal, and have certain inalienable rights, among which are enjoying and defending life and liberty; acquiring, possessing and protecting property; pursuing happiness and securing safety”;

WHEREAS unborn humans experience pain as early as the first trimester and embryological development shows that pain sensory mechanisms and neurophysiology are developed in gestational weeks six (6) through twenty (20);

WHEREAS the State of Mississippi has passed a law defending life and liberty by banning abortions after 15 weeks of gestation, with certain exceptions;

WHEREAS federal district and appellate courts have found the Mississippi law unconstitutional based on certain court precedent;

WHEREAS we believe the existing precedent creating a “right to an abortion” was not based on any specific enumerated constitutional right or any real historical unenumerated right;

WHEREAS we believe the cases establishing this precedent were erroneously decided;

WHEREAS the Supreme Court of the United States has agreed to hear the State of Mississippi’s appeal of the lower courts’ decisions;

WHEREAS we believe the so called “right to an abortion” should not trump a baby’s right to life;

WHEREAS we believe it is not in the best interests of the citizens of Idaho to have the federal courts decide when life begins;

WHEREAS we believe that the state legislature has the authority to outlaw murder by abortion;

WHEREAS we believe that states ought to be allowed to take into account the dignity of unborn children, women’s health, and the integrity of the medical profession, to pass pre-viability restrictions on abortions;

Resolution 2021-42 (*continued*) - A resolution to support the State of Mississippi in their attempt to protect life, page 2

WHEREAS the Idaho Republican Party believes abortion at any gestational period is murder:

NOW, THEREFORE, BE IT RESOLVED that the Idaho Republican State Central Committee commends Idaho's Governor and Attorney General for their decisions to add Idaho's voice in support of the State of Mississippi's petition; and

BE IT FURTHER RESOLVED that Idaho Republican State Central Committee calls upon the Supreme Court of the United States to correct the erroneous precedent and recognize the states' authority to defend the rights of the unborn.

WHEREAS Elmer Keith was the driving force behind the development of the .44 magnum cartridge and his efforts helped lead to the production of the Model 29;

WHEREAS we believe that gun culture should be celebrated in the State of Idaho; and

Elmer Merrifield Keith (March 8, 1899 – February 12, 1984) was an Idaho rancher, firearms enthusiast, and author. Keith encouraged Smith & Wesson to produce a commercial version of his new high pressure loading, and revolvers chambered for it. S&W produced the first prototype revolver chambered in .44 Magnum, the famous Model 29. Keith is credited by Roy G. Jinks as "the father of big bore handgunning."

Resolution 2021-47
